

# LX & GT SERIES

## LAWN & GARDEN TRACTORS

### AUTOMATIC TRANSMISSIONS

Choose between an **Automatic CVT** or **Hydrostatic** transmission - both come with **cruise control** as standard equipment. Foot pedal operation allows you to drive just like a car and continually vary your mowing speed up to 5.5 mph while the tight **15" turning radius** helps you maneuver with ease.

### POWERFUL ENGINES

Choose between powerful premium **KOHLER®** or twin cylinder engines for long life and dependability. Standard features include **OHV design** with spin-on oil filter, **cast iron cylinder** sleeve and hour meter to remind you of important service maintenance intervals.

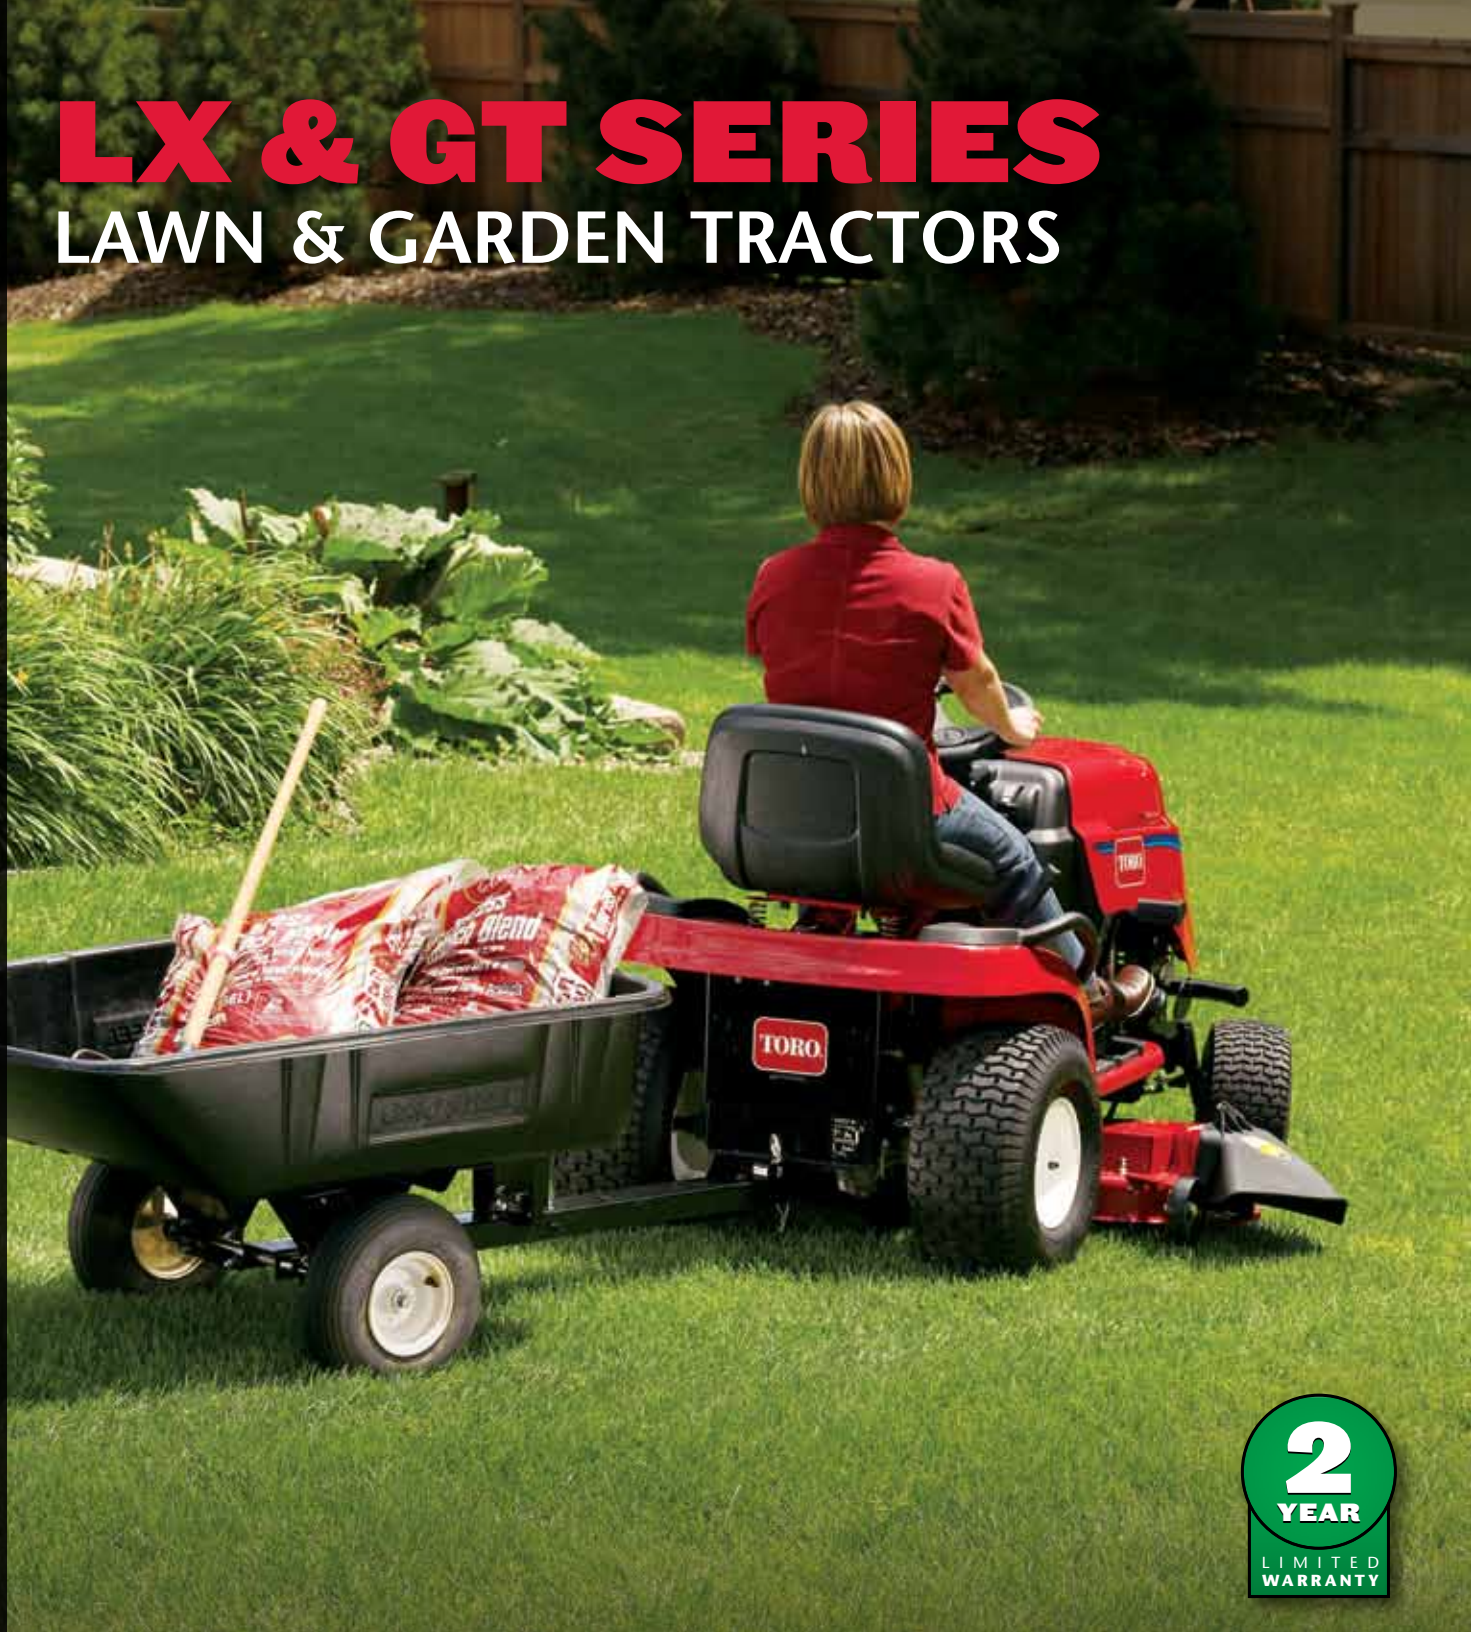

### 3-IN-1 CUTTING DECKS

Choose from 42" to 50" cutting decks which include a convenient **deck washout port** (select models) to make cleaning the underside of the mowing deck easy. Add on a mulch kit or twin-bagging system for a great looking lawn all season.

### 2 YEAR LIMITED WARRANTY\*\*

Count on it.
